

# LCO COMPANY PROFILE

Founded in 2019 in Hungary, LCO SYSTEM Ltd. is a dynamic and forward-thinking company with a strong commitment to becoming the preferred supplier for our valued partners. Our mission is to grow and continuously evolve, striving to provide the highest quality products and services to meet the needs of our clients. We are dedicated, passionate, and relentless in our pursuit of excellence.

Our team is composed of highly skilled professionals with vast experience in their respective fields, ensuring that we consistently deliver reliable and innovative solutions. Despite being a small team at present, we are focused on building a solid foundation for future growth, and we are always open to expanding our workforce with talented individuals who share our vision and passion for excellence.

### **Our Main Product Range**

At LCO System, we pride ourselves on offering a diverse range of high-quality products, including:

- Septa High-performance products designed for precision and reliability in various applications.
- **Sticky Mats** Advanced, effective mats designed for clean environments, particularly in laboratory and industrial settings.
- Medical Devices, vials A wide array of medical instruments that adhere
  to the highest standards of safety, durability, and functionality.
- Laboratory Equipment & Accessories Precision tools and accessories for laboratories, ensuring accurate results and efficient operations.

Additionally, we have extensive experience in **industrial laser marking**. With years of expertise in this field, we offer customized solutions for high-precision laser marking, serving a wide range of industries and applications.

**Industrial Laser Marking**: We have extensive experience in the field of industrial laser marking, an area where precision and innovation are crucial. Our solutions are designed to provide high-quality, permanent markings on a variety of materials, ensuring that your products are easily traceable and compliant with industry standards. Whether for product identification, branding, or compliance marking, we offer state-of-the-art laser marking technology that is both efficient and reliable.

### **Our Commitment to Excellence**

Integrability
Communication
Repetition

Safety Environmentalisi Permanence

We are passionate about what we do and are deeply committed to building long-term, successful partnerships with our clients. Our commitment to quality, attention to detail, and innovation drives us to continuously improve and refine our products and services. Our skilled team works tirelessly to ensure that every product we deliver meets the highest industry standards.

Although our company is currently small, we are a growing entity with ambitious goals. As we expand, we look forward to welcoming new, talented team members who will help us continue to provide exceptional products and services to our partners and clients.

# Why Choose Us?

- **Innovation:** We stay ahead of industry trends and continually introduce innovative solutions to meet the evolving needs of our clients.
- **Expertise:** Our team has years of hands-on experience, particularly in laser marking technology and the medical and laboratory sectors.
- **Quality:** We place an unwavering focus on providing products that meet the highest standards of quality, reliability, and safety.
- **Growth-Oriented:** We are committed to growing with our partners and expanding our capabilities to better serve you.

In conclusion, LCO System is not just a supplier, but a reliable partner, always striving to offer the best solutions and support for your business. We are eager to collaborate with companies in Korea and around the world, and we are confident that together, we can achieve great success.
